

IDM™ Sheet Metal CNC Cutting Machines

Cut as *thin* as 0.3mm !

CE ISO9001:2008
ISO14000

Legend I Technical Parameter

Power	1000 W (220 V/ 110V)	
Frequency	50 Hz/60 Hz	
Cutting speed	0~8000mm/min	
Cutting thickness	0.3mm-5mm	
Cutting program transmission	USB Interface	
Machine size	2970mm x 2030mm x 1220mm	
Effective cutting area	1300mm x 2500mm	
Cutting techniques	Untouched Arc	
Materials to be cut	Stainless Steel, Mild sheet, Copper Sheet, Galvanized Sheet, Aluminum Sheet, etc	

Terms of delivery

Standard machines: 20 working days since the order is placed.

Guarantee

The guarantee period is 12 months since the original date of delivery.

Note:

Buyer is responsible for consumables.

* Pictures and information purposes only, to prevail in kind.
